

BUILDING MATERIAL HOIST

- **PRODUCT SPECIFICATION**

BRAND	:	XMT
PRODUCT TYPE	:	MATERIAL HOIST
ORIGIN	:	GUANGZHOU, CHINA
CAPACITY (Kg)	:	1000kg, 2300kg
SPEED	:	23m/min

- **PRODUCT DESCRIPTION**

This hoist is design for heavy duty lifting on both personnel and materials applications on lower to medium height construction site or permanent buildings.

The open top car can help to maximize the space and easier for loading, thereby to save your money and time. It is ideal for the large and long material lifting with a payload of 1000kg to 2300kg, a maximum speed of 23m/min with a maximum lifting height of 200m. We also offer customized hoist to meet your specific requirements which is not limited to size, load capacity, speed and lifting height. Double masts and frequency motor Control systems are also available.

- **FEATURE SUMMARY**

- Single or dual mast operation
- Speed to 23m/min
- Load capacity, 1000-2300 kg
- Customized car sizes available
- Heavy duty brake & over speed safety
- Remote control and auto landing system
- Lightweight aluminum car & heavy weight steel frame
- Variable frequency motor control
- Modular car and easy for transportation

- **TECHNICAL SPECIFICATION**

The main features

- Remote control and automatic landing system
- Simple structure design, it's easy for installation dismantlement as well as transportation

MODEL	PAY-LOAD (Kg)	LIFTING SPEED (M/Min)	Max. Lifting Height(m)	Motor Power/P.C.(KW)	Freq. Power (KW)
